

The Collett School

SPECIAL EDUCATIONAL NEEDS

Governor Profile – Neil Harper

- Co-opted Governor
- Term of Office: Feb 2014 – Jan 2018
- Committee: Curriculum and Finance & Resources
- Relevant Business Interests: None
- Staff Connection: None

I joined as a Co-Opted Governor in February 2014 and am thoroughly enjoying being a part of this wonderful school.

My professional career is in telecommunications for the last twenty years but my wife was already a Governor at another school, and I was looking for a way to contribute to my local community.

I have two children who have both needed extra help growing up (one with an Asperger's diagnosis, the other due to being born prematurely) and this brought us into contact with many special people, including some current pupils and their families.

I am on the Curriculum and Finance & Resources committee and also act as Link Governor for numeracy.

I am the Chair of Governors, taking up this role from September 2016.

My family and I have lived in Hemel Hempstead since 1997.
