I joined The Collett School in September 2013 from a local mainstream primary school. I believe that every child has the right to an education whether in mainstream or Special Education and feel privileged to work in a school where all pupils are valued and respected for who they are.

The Collett School is a happy place that focuses on life skills alongside the curriculum ensuring that pupils are prepared for a life that contributes to society.

During my time at The Collett School I have taught in both Middle and Upper School, am Key Stage Leader and Subject Lead for Numeracy.
